

### Chesaning, MI McDonald's Image Modernization

#### Project Summary:

FFS worked with Wolgast Corporation on this remodel project for the McDonald's in Chesaning, MI. For this renovation, FFS supplied the **EnduraWal** Panels in Worm Trail Texture. Color is matched to Benjamin Moore – Sandlot Gray to match the color scheme specified for this remodel project.

#### Meet Owners Goals, Values and/or Expectations:

FFS has worked with Wolgast Corporation on several McDonald's Renovation projects across the State of Michigan. Wolgast has become accustomed to the high quality materials that it receives from FFS. With the ease of installation of the FFS materials along with the installation instructions from FFS, the restaurant usually stays open for business during the renovation process.

#### FFS PRODUCTS USED:

EnduraWal
