

Hobart, OK – Pizza Hut Renovation & Image Modernization

The picture to the right shows the restaurant prior to installation of updated FFS provided exterior finish

Project Summary:

FFS furnished the updated exterior finish veneer shown on this Pizza Hut Renovation. FFS worked with the general contractor for this project, Confederated Builders out of Derby, KS. FFS supplied the stone veneer in Versetta Stone – Plumb Creek and the stone cap by Boral in Taupe.

Meet or Exceeding Owners Goals, Values and/or Expectations:

FFS supplied exterior finish materials along with trim and accessories including installation instructions and guidance to complete the install. Confederated Builders, Inc. has worked with FFS on several renovation projects across the Midwest. Confederated was able to perform the renovation with little customer impact. The updated Pizza Hut exterior looks great!

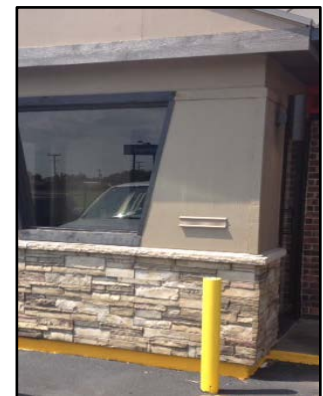

FFS PRODUCTS USED:

Boral Cultured Stone

CLIENT:

Confederated Builders
